## PROFILE

I'm a third-year B.Tech CSE student with hands-on experience as a Web Developer Intern. Skilled in HTML, CSS, JavaScript, PHP, and MySQL, I'm passionate about building responsive web apps and constantly learning new tools and best practices.

## WORK EXPERIENCE

### Meshdroid Technologies

Jan 2024 - April 2024

Web Developer Intern

- Developed a fully functional College Management System website using HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL.
- Implemented student and teacher portals with secure login and role-based access.
- Enabled features like marks entry , evaluation and student records management.

## PROJECTS

### Personal Portfolio Website

- Created a responsive personal portfolio website using HTML, CSS, and Bootstrap to showcase projects, skills, and achievements.

### Optical Shop Website ( Front-end )

- Created a responsive front-end of a website using HTML, CSS, and Bootstrap of an optical store.
- Designed a user-friendly UI with categories for eyewear products, allowing smooth navigation and product filtering.

### College Management System Website

- Built a College Management System using HTML, CSS, JavaScript (Frontend) and PHP, MySQL (Backend).
- Implemented student and teacher portals with features like marks evaluation and Student data management.
